## **Career Day 6 februari 2018 - Explore your future - Wageningen University Research**

Save the date: Tuesday 6 February 2018 Career Day WUR. We expect around 60 companies, you can have job interviews, lots of career workshops, and company presentations. It is re-exam week and a popular week for wintersport. So if you are looking for a job or internship, make sure to find the time for this event. We are now open for registration for companies/organisations. The aim of this Career Day is to provide a platform for employers, students and PhD candidates to meet each other. It is also an ideal opportunity for networking. An excellent chance to find the best employee or employer. The Career Day is focused on the domain of Life Sciences. This day is for students, PhD candidates, alumni and other interested persons. It is for free for participants. This Career Day is part of our Career Services for students, PhD candidates and alumni. Last year 56 organisations and around 1000 students participated in the Career Day. More information about the programme and registration can be found on this website.
